Mr. L. D. Greene, son of Mr. and Mrs. Lucien B. Greene, of this city, has formed a law partnership with Louisville's retiring postmaster, Hon. Robt. E. Woods. Mr. Woods is considered one of Louisville's most influential citizens and is recognized as a splendid lawyer.

Mr. Greene is rapidly forging to the front in his chosen profession and is destined to become one of the leading lawyers of the Falls City.

Resigned.

Mr. Charles Duty has resigned his position in the revenue service and will return to Winchester to reside. Mr. Duty's health has been poor for several months and his physicians have advised a complete rest for an indefinite period. —Winchester Democrat.

Judge Pendleton Resigns.

Judge F. P. Pendleton, who for a number of years has presided as Police Judge of Winchester, has resigned for reasons which are not made public. The resignation was accepted at the regular meeting of the council held and F. H. Haggard, City Attorney, was elected by the board to serve out Judge Pendleton's unexpired term. Harvey T. Lisle, one of the younger members of the Clark County bar, was elected to fill out the unexpired term of the City Attorney.

Thomas Secures Verdict.

Clarence Thomas, of Frankfort, guardian for Josephine and Katherine Thomas, secured a verdict for \$1,000, the face of the policy; \$250 for burial expenses and costs against the Junior Order of United American Mechanics, in the Montgomery Circuit Court last week. Mr. Thomas' brother, Dr. Thomas, held a policy with the Jr. O. U. A. M., when he died, and the order declined to pay, claiming that the deceased had fallen behind with his dues a few days and the suit resulted. The order will appeal the case.

Sells Fine Cattle.

Mr. R. C. Gatewood has sold 183 head of export cattle to Col. Monte Fox, of Danville, at 8c. Mr. Gatewood always has a fine bunch of cattle but these are said to have been better than any he has yet sold.

ADVOCATE TO PRINT

Gazette in Near Future. Will First Install Linotype.

Ownership and Policy to Remain the Same.

As soon as a linotype machine can be installed, THE ADVOCATE PUBLISHING COMPANY will do the mechanical work on both the ADVOCATE and the Gazette.

With the aid of an up-to-date linotype, with which one man can set more type than half a dozen experts can now set in the old way, the ADVOCATE can render this service for the Gazette at a cost considerably less than it can now maintain its own plant and force of employees and by this arrangement both papers will be much improved in general appearance and will be enabled to maintain their present low advertising and subscription rates, notwithstanding the great increase in the cost of materials of all kind.

The ADVOCATE, however, under its contract, is only to do the mechanical part of the work in the production of the Gazette, just as it has been doing for the Bluegrass Journal. No change will be made in the ownership, management or policies of either paper and each will remain as independent of the other, as in the past.

With the installation of a new linotype and some other minor improvements contemplated, the ADVOCATE will have the best equipped newspaper and job office in Kentucky, east of Lexington and upon the arrival of the linotype will welcome its friends and patrons, many of whom we are sure have never seen one of these wonderful machines in operation, to inspect its entire plant.

Resigns Position.

Mr. Erman French has resigned his position with A. B. Oldham & Co. and, having passed the Civil Service examination, will act as substitute at the post office.

Famous Actor Injured.

Thrown from their automobile when it struck a garbage wagon near Hartford, Conn., George M. Cohan, the actor, his daughter, his leading man, Wallace Eddinger, and the chauffeur were seriously injured, and the recovery of Cohan's daughter is doubtful.

W. C. T. U. Elect Officers.

At the regular monthly meeting of the Woman's Christian Temperance Union, held Thursday afternoon, the president, Mrs. Jennie Thompson, resigned and Mrs. W. Hoffman Wood was elected to succeed her. Other officers chosen were: Mrs. John Scott, vice president; Mrs. Bruce W. Trimble, treasurer; Mrs. Thomas Heinrich, recording secretary; Mrs. Clayton Howell, corresponding secretary. Mrs. Thomson has served as president of the union for many years and made an excellent official. Col. Geo. W. Bain, the famous temperance orator, will lecture here under the auspices of the union September 26.

OPERA HOUSE

Has Been Greatly Improved for This Season By Mr. Tabb.

Beautiful Show House Credit to Our Thriving City.

The Tabb Opera House will open the season September 16th with "The Divorce Question," advertisement of which appears elsewhere in this paper. Since closing last season Mr. I. F. Tabb, owner, and Mr. N. A. Wilkerson, lessee, have been laboring unceasingly to make The Tabb one of the most modern show houses in the State, and how well they have succeeded the following will show: The building has been enlarged until now the seating capacity is 1,000, the stage opening is now 36 feet wide, the stage being 60 feet wide and 35 feet deep, two fly galleries and rigging loft installed, with 40 sets of lines. Sufficient room to handle any show carrying two car loads of scenery. Fourteen commodious dressing rooms with running water in each room have been made beneath the stage with entrance to same from the orchestra pit as well as from the stage, and two nice dressing rooms on the first floors for the "stars." Large and comfortable seats have been installed and six boxes built. The latest ozone machines have been placed in the ceilings so that at all times the house will be filled with fresh, pure air. Entirely new scenery has been painted. The lobby will be covered with linoleum and the isles covered with carpet.

The Tabb is one of the safest houses in the State, there being besides the main entrance four large doors in the house proper and two large doors on the stage, so in case of fire the house could be emptied in a very few minutes, thus assuring the patrons practically absolute safety. It is nearly impossible to thoroughly describe the many improvements made, but Mr. Wilkerson will be pleased to show any interested parties through the house. Everything that could be done for the patrons of the opera house has been done and in a manner that reflects credit upon both the owner and lessee.

Postoffice Discontinued.

The postoffice at Ewington has been discontinued by order of the department, but many of the people living in that section will petition Senator James and Congressman Fields to try and get the office reinstated. It is hoped they will be successful in their efforts as the office serves quite a number of patrons.

EUBANK WINS SUIT

Negroes May Vote in All of the School Elections.

Judge Kirk Hands Down Opinion of Interest to Entire State.

A decision of interest to the people of the entire State was made by Judge A. J. Kirk in the case of Ramsey vs. Eubank over the office of School Trustee, the court holding that in election for the office in question colored voters may vote for Trustees for white schools. Attorneys for Ramsey contended that only white voters should vote for Trustees for white schools and colored voters for colored visitors.

In the present instance Ramsey and Eubank each received fifty-four white votes; while Eubank received twenty-nine negro votes. Ramsey protested against the counting of the latter for Eubank, and lost, as stated. It is understood that Attorney General Garnett and Superintendent of Public Instruction Hamlett took the same view of the matter as Judge Kirk, the latter holding that the act of 1908 made all male citizens eligible to vote in school elections.

As the result of Judge Kirk's decision it is likely that an effort will be made to have the next Legislature to restrict the right to vote in school elections so as to conform to the former customs since a negro may be elected Trustee of a white school if he has the right to vote in such election. It is also stated that an appeal to the Court of Appeals will likely be prosecuted.

The lawyers in the present case were H. R. Prewitt for Eubank and John G. Winn, John A. Judy and Lewis Apperson for Ramsey.

No Funds Now For Model Road.

The authorities at Carlisle have been notified that there are now no funds available for the building of the proposed model road in Nicholas county. When the road from Mt. Sterling to Maysville was proposed the people of Montgomery and Bath counties immediately got up their portion of the funds and the government made the appropriation for these two counties, but Fleming and Mason failed to subscribe their part and failed to get government aid and the amount left was then transferred to Iowa. Nicholas county got up their money too late.

The people of Montgomery and Bath counties are to be congratulated upon their energy and liberality in getting up the money as quickly as they did, which enabled them to get the only road by government aid in the State.

Policeman Shoots Negro.

Shortly after midnight Monday, Lee Henry Thomas, a young negro, of this city, after having threatened Policeman James C. Tipton and undertaken to do him violence in an effort to resist arrest, was shot through the thigh and arm by the officer.

Thomas is regarded as a vicious negro and for sometime has been giving the officers of the law considerable trouble.

Neither wound is regarded as serious and he is reported to be getting along well.

Turnpike Work.

We have been requested to define how the work on turnpikes and dirt roads is let. For the information of those who do not already know, we will say that all contracts for any appreciable amount are let by the Fiscal Court, to the lowest bidder, under sealed bids, publicly opened in court, after due advertisement. Minor contracts are let by a majority of the Rock Committee, now composed of the County Judge, County Attorney and County Road Engineer.

All work on dirt roads is let by the County Road Engineer and the Magistrate of the district in which the work is to be done.

Daughter of Judge

Benton is to Marry.

At a social function given in honor of Miss Bonnie Gibbons, a bride to be, at the home of Judge J. M. Benton, at Winchester, the announcement of the approaching marriage of Judge Benton's daughter, Miss Sarah Goodloe Benton, to Mr. Willis Battaille, of Clark county, was made. The announcement came as a complete surprise to Miss Benton's friends, both in Winchester and throughout the central part of the State, where she is well known in social circles.

Miss Benton is an attractive young lady and Mr. Battaille is a prominent young farmer. The announcement was made in a most unique way. When the guests were assembled a basket was sent about the room containing a picture of Mr. Battaille and Miss Benton, together with the wedding ring and a small card bearing the word "October," the month in which the wedding will be solemnized.

Bradley to Make the Race Again.

It is stated on what appears to be good authority that Senator W. O. Bradley has determined to again enter the race for United States Senator before the primary next August, and that he will soon begin an active campaign to secure the Republican nomination.

Senator Bradley, according to the advices received, believes that he will have little trouble in capturing the nomination, and he is determined to go the limit in his campaign and to stump every part of the State.

It is said that should he receive the nomination he will make the most vigorous fight of his career to land the prize next November, and as the next Senator is to be elected by "popular vote," he believes he will stand a good chance.

If this be done, it is believed the Progressives and the anti-Bradley Republicans will put up a candidate, and in November there will be three candidates before the people for the Senate.

True Politeness.

True politeness is not the product of a refrigerator or a cold storage plant. A man may follow the rules and regulations of society and the book of etiquette, and still be quite a disagreeable fellow. But it is only a sham politeness, for true politeness includes kindness, good nature, sincerity, and is a help and a pleasure to those who come in contact with it, while the counterfeit article frequently has the opposite effect on all concerned.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength from Wm. S. Lloyd, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles. 41-etc.

Success is sometimes the result of beating the other fellow to it.

FARM BOYS AS JUDGES

Will Get Magnificent Prizes For Work at Kentucky State Fair.

A magnificent silver trophy worth \$125.00, donated by the American Saddle Horse Breeders' Association, and prizes of \$175 will go to the practical "Little Farmers" of the State in the Student Judging Contest, which will be one of the most important and interesting adjuncts to the Kentucky State Fair, to be held in Louisville next Sept. 15-20.

This contest, which is open to farm boys and students of any agricultural college, is a splendid incentive to scientific farming and there is nothing so deeply interesting to the future "bon and shew" of the state as the opportunity to demonstrate their practical knowledge as tillers of the soil, and breeders of fine stock.

The boys from both farm and college will work in squads, but there will be separate prizes offered in each case and the classes to be judged will consist of rings for horses, cattle, sheep and swine.

The supervisor in charge of this contest will be J. J. Hooper, professor of animal husbandry of the Kentucky State university at Lexington, and it is his purpose to devote much of his time between now and the date of the eleventh annual State Fair to inspiring the boys of the state with enthusiasm for and interest in this contest. Already the applications for entry blanks made to Secretary J. L. Dent, State Fair offices, Paul Jones building, Louisville, Ky., indicate the keenest interest and anticipated rivalry among the youthful farmers who will attend the fair.

A special donation of \$25 in gold has been made by J. B. Bowles of Bardstown, Ky., in the saddle horse judging contest, and D. H. Ewing & Sons of Louisville, Ky., have given \$25 as a prize for the best boy judge of dairy cattle.

BERLINER BAND TO BE AT STATE FAIR

Famous Cavalry Organization Sure to Make Big Hit.

Rudolph Berliner and his mounted First Cavalry band has been secured by Secretary J. L. Dent as attraction-in-chief of the vaudeville program to be offered nightly in the magnificent live stock pavilion at the Kentucky State Fair, to be held in Louisville next September, 15-20.

Although this part of the amusement roster for the eleventh annual Kentucky State Fair will boast the cream of hippodrome attractions, it is safe to say that the Berliner band will prove far-and-away the most sensational, surprising and delightful feature ever offered to the public.

This will be the first time in history that a genuine mounted cavalry band has been offered as a professional attraction, and the maintenance of rigid regulation detail preserves an atmosphere of martial picturesqueness and inspiration that establishes a new precedent in the outdoor entertainment world. There are 35 men in the organization, appearing in the parades mounted and dismounted, military ceremonies and details, battle tableaux and other features of an almost unending variety and of impressive character.

Among the organization are many men who have seen actual service in military and local organizations. The first sergeant was drum major of an American minstrel band before joining the cavalry service, and was the first drum major at the head of a band marching through the streets of Manila, to whirl a huge baton, a familiar enough sight to Americans, but one which created a tremendous sensation among the natives. Other members, including trick riders, musicians, etc., are veterans in the sense of service, although young in years, and they engage in all manner of evolutions with vim, vigor and accuracy.

The organization is conducted on the lines of strictest service detail, with regulation duties, camp, parade, concert and evolution, the military services of reveille, guard mount, raising and lowering the colors, mess stables—in fact, a complete and accurate replica of the regular service.

Director Berliner has been officially commended as one of the most versatile, talented and efficient band masters that has ever served in the United States army, and his department and division credentials attest to his worth. He served three years as band master of the Second United States Cavalry, during which time he directed the musical ceremonies of many important and important events. At Fort Meyer, adjoining Washington, D. C., the band was called into service to participate in innumerable important affairs, and it was the favorite musical organization at the command of Adjutant General Corbin, to the practical exclusion of all the other famous bands in and around Washington.

Director Berliner was at the head of the band when it made a tour of the world, playing concerts at the principal ports en route to the Philippines, where it remained for two years, returning via San Francisco. During this journey Director Berliner had the honor of directing his band in a program given by invitation at a reception in Colombo to Countess Russell, daughter of Lord Russell, former viceroy of India.

Director Berliner is a famous program arranger, his experience in the service, combined with his splendid opportunities as musical director of orchestras in several leading metropolitan theaters enabling him to construct offerings that appeal to all tastes in music, and he is constantly evolving new and sensational effects. Some of his mounted concert features come as a complete surprise and he and his men are constantly engaged in studying out novelties of all kinds. While the regulation cavalry band is composed of 25 men, the Berliner First Cavalry band embraces 36 men, all splendidly mounted and trained to the last detail, and all are skilled musicians, belonging to the American Federation of Musicians and boasting soloists and specialty artists who draw salaries that many recognized leaders might well envy.

In addition to handsome and perfectly trained mounts, the band is equipped with striking cavalry service khaki uniforms, horse trappings, guidons and other military paraphernalia, and with their fine mounts and military bearing they present an inspiring and picturesque appearance.

Kentucky's State Fair, to be held at Louisville Sept. 15-20, this year promises to be bigger and better than ever.

"LIFE'S A FUNNY PROPOSITION AFTER ALL."

I.
Did you ever sit and ponder—sit and wonder—sit and think
Why we're here and what this life is all about!
It's a problem that has driven many brainy men to drink;
It's the weirdest thing they've tried to figure out,
About a thousand different theories the scientists all know,
But never yet have proved a reason why;
With all our thought, and all we're taught, all we seem to know—
We're born and live a while—and then we die.

REFRAIN:
Life's a very funny proposition, after all;
Imagination, jealousy, hypocrisy and gall.
Three meals a day,
A whole lot to say;
When you haven't got the coin you are always in the way.
Ev'ry day we're fighting as we wend our way along,
And every fellow claims the other's in the wrong.
Hurried and worried,
Until we're buried,
And there's no curtain call.
Life's a very funny proposition, after all.

II.
When all things are coming easy and when luck is with a man,
Then life to him is sunshine everywhere;
When the Fates blow rather breezy and they quite upset a plan,
Then he'll cry Life's a burden, hard to bear.
Though today may be a day of smiles, tomorrow's still in doubt.
What brings me joy may bring you care and woe.
We're born to die, but don't know why, nor what's it all about;
The more we try to learn the less we know.

REFRAIN.
Life's a very funny proposition, you can bet;
And no one's ever solved the problem as yet.
Young for a day,
Then old and gray.
Like the rose that buds and blooms and fades and falls away.
Losing health to gain our wealth as through this dream to tour;
Ev'rything a guess, there's nothing absolutely sure.
Battles exciting,
And Fates we're fighting,
Until the curtain's fall.
Life's a very funny proposition, after all.
—George M. Cohan.

Three Prominent Kentuckians Killed in Eastern Railroad Wreck

It developed that three of the victims of the New Haven wreck Tuesday morning were Dr. Joseph B. Marvin, Mrs. Marvin and their daughter, Martha, of Louisville. The identification was made complete by Blakemore Wheeler, a son-in-law of Dr. Marvin, who went to New Haven to identify the bodies.

The bodies were brought to Louisville for burial. A rigid investigation into the wreck which snuffed out the lives of three Louisville citizens, together with eighteen others, is being conducted under the supervision of the Interstate Commerce Commission.

Capital is the character of the rich but the intelligent poor man should reverse the order and make character his capital. Then in truth he becomes truly rich.

Woman's Elastic Sphere.

To compensate his wife for her services as constant adviser and assistant a New York banker, Sender Jarmulowsky, made her a full partner in 1899. He had began life poor and risen to comfortable means. He died a few days ago and his will, which reveals the fact of the agreement of 1899, relates to more than a half-million dollars' worth of property.

In advisory capacity women have had a hand in the making of many fortunes. The typical American business man is pictured upon the stage, and in popular fiction, as being absorbed in business of which his wife is utterly ignorant. Of course the picture fairly represents a certain proportion of business men, but upon the other hand it is not at all uncommon for men to ask, and consider, the advice of their wives in business matters.

The Roman ideal of the wife was a woman whose sphere was not limited to the home and the management of servants, but one who, in addition to ability and willingness to manage a home economically and creditably, possessed aptitude as an adviser of her husband in business and politics. The Romans did not minimize the importance of the household duties, but regarded the management of the home by the woman and of business enterprises by the man as being a fair division of responsibility and effort. The two co-operated when not engaged in the routine of their respective activities. The woman advised the man and, while history does not say so, doubtless because it goes without saying, the man advised the woman as to the general principles and policies of successful housekeeping at a period when housekeeping embraced many problems of which specialization has now relieved the home.

If there were available statistics as to the success and failure of men whose wives are welcomed and valued as advisers, and the successes and failures of men who "leave business at the front door" it would doubtless be demonstrated that there is a higher percentage of success among those who regard a wife's advice as worth taking.

Surely if there is one right of woman that ought to be inviolable it is her right to be advised of, and to give advice in, matters concerning the welfare and the future of herself and her children. There are many "doll's houses," no doubt, but they are hardly the rule. Where they exist the fault may be that there is a doll in the house, or that there's a man in the house who likes to play dolls, but no matter what the cause of the situation may be it is hardly typical.

Woman's sphere has never been rigidly limited to the home duties which some suffragettes and many feminists brush too lightly aside when considering careers for women.

Inasmuch as homes must be run, and since their establishment and maintenance constitute the underlying motive of the greater part of

Backache

Miss Myrtle Cothrum, of Russellville, Ala., says: "For nearly a year, I suffered with terrible backache, pains in my limbs, and my head ached nearly all the time. Our family doctor treated me, but only gave me temporary relief. I was certainly in bad health. My school teacher advised me to

TAKE

Cardui

The Woman's Tonic

I took two bottles, in all, and was cured. I shall always praise Cardui to sick and suffering women. If you suffer from pains peculiar to weak women, such as headache, backache, or other symptoms of womanly trouble, or if you merely need a tonic for that tired, nervous, worn-out feeling, try Cardui. E-65

human endeavor, the ideal combination would seem to be a husband and wife equally interested in one another's vocational affairs, and each of them capable of laying aside the routine duties of "sphere" to give the other helpful advice.

The trouble about the white-washed saints of this world is that the devil rubs up against them on dark nights, and leaves black spots on them.

Great Religious Gathering at Bowling Green.

The eighty-first annual Convention of the churches of Christ in Kentucky will be held in the First Christian Church at Bowling Green, September 22-25, 1913. The Convention Church which was dedicated only a few months ago is a beautiful modern \$34,000 plant. The program for the convention which has just been issued announces an opening session on Monday night the 22nd with the convention sermon by Rev. R. N. Simpson, of Harrodsburg; the Christian Women's Board of Missions, the national missionary organization of the women of the church of which Mrs. Louise L. Campbell, of Lexington, is the Secretary, will convene on Tuesday; the Kentucky Missionary Convention, H. W. Elliott Sulphur Secretary, has its session Wednesday and Bible School Day will be Thursday the 25th. On the program are the names of State and National leaders of the church. Rev. P. H. Welshimer, of Canton, Ohio, who superintends the largest bible school in the world and whose church leads the disciples of Christ in membership, will close the convention with an address Thursday night.

An attendance of one thousand or more is expected, representatives coming from all churches of Christ in Kentucky. For this convention the railroad rate will be one and one-half fare plus a quarter for the round trip from all points in Kentucky. Dates of sale September 22-25, good returning September 29.

Thaw Turned Over For Extradition.

Harry Thaw has lost his fight to defy deportation by remaining in Sherbrooke jail. Judge Hutchinson sustained a writ on habeas corpus calling for his release. Thaw remained dazed for possibly three minutes. The crowd began to leave the judge's chamber in silence. Thaw followed aimlessly.

As he crossed the threshold E. Blake Romertson, assistant superintendent of immigration, placed him officially under arrest as an undesirable alien.

The crowd then surged from the building, and it was then announced that Thaw would be taken immediately to Coaticook for a hearing.

Judge Hutchinson's voice trembled as he read the decision which in effect started Stanford White's slayer on the road back to Matteawan. The court held briefly that Thaw was being confined illegally and that John Boudreau, chief of police of Coaticook, the petitioner, had the right to demand the prisoner's release.

GROSS INCOMPETENCY.

The General Assembly, at its last session, provided for the submission to the people, of two very important constitutional amendments.

The first, is the result of years of fighting, on behalf of the people, against the favored prison contractors and authorizes the State to work its convicts, on the public roads. The second, is due to years of careful study and labor, on the part of many patriotic citizens and has as its aim, a revision of our despicable tax system.

Section 257 of our Constitution provides "Before an amendment shall be submitted to a vote, the Secretary of State shall cause such proposed amendment, and the time that the same is to be voted upon, to be published at least ninety days before the vote is to be taken thereon in such manner as may be prescribed by law."

Our sleepy Secretary of State failed to comply with the above provision. By way of defense he says the error is due to a "confusion of dates" and in the hope that the provision of the constitution, above quoted, is "merely directory and not mandatory," hastens to publish the required notice. This blunder seems unpardonable and may result in Kentucky losing these two very essential and badly needed amendments.

ABOLISH THE FISCAL COURT.

Every now and then some reader will remark to us that he has noticed where we were after the Magistrates or the County Road Engineer. Nothing could be farther from the facts. These gentlemen are our friends and are doing the best they can under the present obsolete system. It is the system only that we condemn. What we want to see is the fiscal affairs of the county conducted by three commissioners elected from the county at large and the County Judge, instead of by a board composed of the Magistrates and the County Judge.

This new plan has been a success everywhere it has been tried; by reducing the number one-half the cost is correspondingly reduced; the standard is elevated; petty strife is eliminated, as are all efforts to favor one portion of the county to the detriment of the balance and in a thousand ways better enables the taxpayer to get a "run for his money."

Our zeal for the commission plan, however, must not be construed to be antagonism to the present members of the Fiscal Court, or any other officer. If the system is to remain the same, we have no objection whatever to them and repeat, that it is the system alone with which we find fault.

JUDGE A. J. KIRK.

Coming to our city comparatively unknown, to occupy the bench so long graced by our own Judge Allie W. Young, it is but natural that lawyers and laymen alike should have entertained some apprehension, when it became generally known that Judge Andrew J. Kirk, of Paintsville, had been designated to hold the September term of our Circuit Court, because of Judge Young's illness.

We are glad, however, to say that as Special Judge, he has proven himself to be a trained lawyer of ability, possessing a quick analytical

mind, a patient, considerate and careful occupant of the bench and withal a very amiable gentleman.

His rulings have been noted for their clearness and fairness and when the present term ends, he will leave our city, with the consciousness of having won the respect and friendship of all with whom he has in anywise come in contact.

The many friends of Commonwealth's Attorney W. B. White are highly pleased over his selection as a member of the Democratic State Campaign Committee, the members of which will act in a supervisory capacity regarding the campaigns in the various counties this fall and are confidently asserting that he will make good in any position to which his party may see proper to elevate him.

We who live in the city can hardly appreciate the great convenience the inexhaustible water supply of the Kentucky Utilities Company has been to us. While many communities have actually suffered we have had water to waste of the best quality, made clear and wholesome by the most modern and generally approved means of filtration.

Dame Rumor has it that with the exception of a transposition of initials, there will be no change in the name of our next Circuit Judge.

The Divorce Question.

The National Play Company's presentation of Wm. Anthony McGuire's intensely interesting argument against divorce will be seen at Tabb Opera House Tuesday, September 16th.

The play treats the question of divorce as an individual, social and ethical problem, portraying a strong, vital, true situation of life as a premise to an argument which clearly demonstrates the futility of divorce as a means to social progress, inasmuch as it leads to the disintegration of the family, upon which rests our entire social structure, deprives children of the right to their parents and tends to foster that undeniably immoral and hurtful institution—polygamy.

No play of recent years has received the unanimous stamp of approval alike from press and public and the clergy have gallantly responded in this fight against the horrible social evil—divorce. The phenomenal success of this play in all cities visited would indicate that reservation should be made immediately.

REASONS WHY YOU SHOULD "SEE" DIVORCE QUESTION.

Are you married? If so, by all means see "The Divorce Question;" it will cement ties already existing; it will promote your future happiness should an estrangement—even though temporary—be considered it will prove that separation is NOT the remedy, but that patience and forbearance are the principal attributes to successful married relation. Are you single? Then witness a performance both entertaining and instructive with its powerful teachings it will serve as a moral guide post in years to come.

Are you contemplating marriage? All the more reason you should see the truth-telling play; you will acquire a thorough understanding of the solemnity of the marriage vow, a knowledge that will be vastly beneficial in marital relations.

Running Races Begin Tomorrow at Lexington.

The fall meeting of the Kentucky Association will begin tomorrow. The purses and stakes are bigger than ever before and every stall at the track and every barn in the neighborhood are full of the best horses in the land. Every effort to make this the biggest and best meeting ever held in Lexington has been made by the officials. This great sport, which for a while looked like it had been killed, is reviving again, and under the proper management will soon be on as firm a footing as the trotting meetings. The resumption of racing in the East meant a great deal to breeders in this State.

Sisters Die Within

One Day of Each Other.

Mrs. Ann Willoughby Ford, wife of Matt Ford, a farmer of the Aaron's Run neighborhood, died last Wednesday after a long illness of typhoid fever. Mrs. Ford was 47 years old and was the daughter of F. Marion Willoughby, of this city. She is survived by her father, husband, several children and three sisters, Mrs. Wallace Scott, of Indiana; Mrs. W. D. Henry, of this county, and Mrs. Cornell, of this city. In the death of Mrs. Ford Montgomery county loses one of her noblest and best women. She was a woman whose Christianity taught her to do good, and her whole life was spent in that endeavor. It is said of Mrs. Ford that she visited more sick and distressed and helped more poor people than any woman in Montgomery county, leaving a memory and a record of good deeds worth more than the tallest monument of granite that could be erected. Only a few hours before Mrs. Ford died her sister, Mrs. Sarah Hedges, wife of Oscar Hedges, of Bourbon county, died as the result of an operation at Paris. Mrs. Hedges was 35 years old and one of the most excellent women in Kentucky. She had only been ill a short time. The interment of both bodies took place in the North Middletown Cemetery Friday morning, with services at the church in that city, of which both had been members for many years.

Both of the above mentioned ladies were aunts of Richard, Erman and Homer French, of this city.

Scott County is Dry

By a Majority of 411.

Georgetown went dry by a majority of 411 in the county unit election held last Saturday in Scott county. This is a largely reduced majority over that of the last county unit election held on this question, when the dries carried the county by about 1,200 majority.

The election of a few years ago, which made Georgetown dry, was declared by the Court of Appeals to have been carried by the dries by a majority of 3 votes. Georgetown reversed itself at Saturday's election by giving a wet majority of 176, the vote standing 471 wet and 295 dry.

SPANISH WAR VETERAN.

Relieved of Itching, Burning Eczema by Saxo Salve.

"I suffered from eczema, and the itching was so intense I did not get a night's rest for five months. My face, neck and body were covered with large red patches. I tried every eczema remedy on the market, also six different doctors and a specialist. None knows how I suffered without relief. As a last resort I tried Saxo Salve. It stopped the itching at once and worked like magic. I wish I could tell every eczema sufferer what Saxo Salve will do for them." Wm. Delaney, a Spanish war veteran, 355 E. 61st street, New York.

Saxo Salve stops the itching and heals the skin.

If you have eczema, tetter, ringworm, barber's itch or a skin disease of any kind try it—you get your money back if it does not help you, Wm. S. Lloyd, druggist, Mt. Sterling, Ky.

P. S. If you have any skin trouble you need Vinol to purify and enrich the blood. Try it on our guarantee.

The love that can be bought is but a counterfeit. The real article must be won, as a battle, and like a battle, too, the strife may be more pleasing than the victory—the anticipation of greater worth than the possession.

Powers Not In Race

For Congress In 11th.

In an interview with Caleb Powers, when asked if he would make the race for Congress again, his reply was as follows:

"To my friends: No one has announced for Congress in the Eleventh District. That I could be renominated and elected a well-informed man in the Eleventh District has any room for doubt. I carried sixteen out of nineteen counties in my first race and thirteen out of the fifteen counties in my second race against two opponents. They carried but one county each. In this race I ran 4,000 votes ahead of the National Republican ticket in the district, beating the Democratic candidate nearly 7,000 votes and the Bull Moose candidate over 9,000. I am as strong in the district now as I have ever been and can win again, but it is not my intention at this time to be a candidate to succeed myself.

"No Republican member of Congress can hope to be instrumental in placing on the statute books much constructive legislation as long as all the departments of Government are in the hands of the Democratic party. I have the truest and best friends in the world and I am under a debt of lasting gratitude to them."

When asked if Hon. Charles Finley, of Williamsburg, would be a candidate Mr. Powers replied that he would not, although it would be easy to nominate and elect.

Asked who would now likely get into the race since he was out of it, Mr. Powers replied that he did not know, but that in all probability Senator Joseph Bosworth, H. H. Asher and Jackson Morris, of Bell county; Judge William Lewis, and possibly D. C. Edwards, of Laurel county; Judge S. W. Bethurum, of Rockcastle county, and Judge H. C. Kennedy, of Pulaski county, and S. T. Siler, of Whitley county, might enter the race. When asked who his choice would be Mr. Powers replied that there would be plenty of time to decide that question when he saw who entered the race.

BLUE-BLOODED CANINES

Will Shine at the Kentucky State Fair Sept. 15-20.

Big dogs, little dogs, short dogs, tall dogs, dogs with hair, dogs smooth and fair, dogs grave and staid, dogs cute and frisky, dogs of a kind you can pet, those whom to touch would be risky, dogs of royal degree, dogs who shine on a farm, dogs for milady's lap, dogs a hunter to charm, dogs from New York, Philadelphia, Pittsburg, Cincinnati, Memphis, Chicago, St. Louis; in fact, that a dog from each city of prominence will be on hand for the great bench show to be given at the Kentucky State Fair, Sept. 15-20, in Louisville, is the positive expectation of the fair management, as the classes for this exhibition alone number over 600, and the prizes offered in connection with the affair are sufficiently valuable and highly regarded among breeders and owners to attract the leading dog fanciers of the country.

The fact that the bench show at the fair is held under the rulings of the American Kennel club guarantees an unimpeachable standard and the presence of dogs of genuine merit only. In addition to the premiums listed for the 600 classes there have been more than 20 special prizes offered by dog fanciers, and their donations include both cash as well as magnificent cups and silver trophies. The dog show will be the bow-wow will take place in the Bench Show building, a handsome structure devoted entirely to the exhibition of the canines, handsomely and conveniently outfitted, brilliantly lighted and located in the most accessible spot in the group of exhibition buildings.

The dog show will be under the personal supervision of experts in dog breeding and the keen interest already displayed by prospective exhibitors, both in Kentucky and throughout the country generally, indicates not only the largest but the most brilliant affair of the kind ever held in the south.

STATE FAIR IS IN COMPETENT HANDS

Personnel of Management Assures Splendid Exhibition.

The powerful and efficient operation of a gigantic piece of machinery is dependent upon its smallest cog, and it is also true that the intricate movement of a great enterprise like the Kentucky State Fair is equally dependent for smooth and successful running upon the various human cogs forming its operating forces. For the eleventh annual State Fair, to be held next Sept. 15-20, there are already 22 component parts and subsidiary cogs in active and united operation, all working toward the most brilliant and successful enterprise of the kind that Kentucky has ever known.

The 22 departments embrace an enlarged area of exhibits, each department being presided over by a member of the state board of agriculture, who is styled the member in charge, and under the direction of each member in charge there is one or more superintendents, who have active supervision over the various exhibits, and the personal welfare of exhibitors and visitors to their domain.

The departments and their superintendents have been allotted in accordance with the appended list, and already there is the friendliest and most commendable rivalry among the heads and their assistants looking toward the success of their particular field of operation.

The various departments, with their heads, are as follows:

Advertisers Are In Good Company

By HOLLAND.

MR. BUSINESS MAN, have you ever thought that advertising puts you in good company? It is an old saying that a man is known by the company he keeps. When you join the ranks of the advertisers you join the ranks of the biggest and most successful merchants and manufacturers of the world.

How many concerns can you name in Chicago, in New York, in Kansas City, in Boston, in any large city in the country? Name them and you will notice that all are big advertisers and all are leaders in their lines. Ask your friends to name the most successful merchants they know in the big cities and in each case the name of a great advertiser will be mentioned.

The same rule is true of smaller cities and towns. The successful merchants are the advertisers. The advertiser stamps himself as one having confidence in himself and his wares, as one proud of his calling and seeking publicity and the test of patronage.

It Is to Laugh.

Even if our favorite Ella Wheeler Wilcox had not said: "Laugh and the world laughs with you;" even then the writer would have recommended merriment instead of tears. Tears are waste of emotion. Bemoaning one's lot, a trial on Time's patience.

"Let us be gay while we may," then; though the motto is as ancient as "The hen that crossed the road." Apropos: The Sig Sautelle 9 Big Shows, which favors Mt. Sterling, Friday, September 19, at Fair Grounds, has in its curriculum of smiles forty clowns. Forty—count 'em—genuine humorists, who themselves have "laughed and grown fat." The leader of this happy band of jesters, mockers and wits is a half brother of Slivers, himself a cousin of the original Dan Rice, whose pedigree runs back to Grimaldi.

These forty mirth artists will surprise, amuse and tickle the audience with funniest sketches anent the foibles and follies of the day. General and local features will be the inspiration of this merry band of Mimus mummors. Trite incidents in politics will be burlesqued, a la Webber & Field. The wits will excel in laughable skits to set the listeners in a roar.

But this will only be the attic salt of the feast of good things presented. Wild and tame animals, expert trainers and performers of every degree of skill will contribute to the glory of this most incomparable show.

Don't miss the great parade if value life's most pleasant features.

Beautiful Pattern Hats.

I will have many beautiful pattern hats at my opening September 17 and 18. If you want something extra nice attend this opening. Miss Alta Evans, Milliner. 10-2t

Attacked By Bull.

While trying to separate two bulls, which were fighting, Mr. Tabor, son-in-law of Samuel Robinson, of this county, had a narrow escape from instant death or serious injury. A fine Jersey bull, owned by James O'Rear, had gotten through the fence into the pasture of Robinson and attacked another bull, and Tabor, on a horse, attempted to drive the Jersey out, when the bull attacked him, goring the horse, causing him to fall. Tabor barely had time to get away from the infuriated beast. It is said the horse will die. Tabor had a narrow escape, but was uninjured.

Kicked By Horse.

Russell Cox had a narrow escape from serious injury at the home of his father, Dr. G. N. Cox, when a horse hitched to a wagon began kicking. Byron Wood, who was driving the animal, jumped from the wagon as the horse began to kick, and as Russell Cox grabbed for the lines, the animal kicked him on the right leg just below the knee, inflicting a serious wound. It was first thought the leg was broken, but careful examination shows it to be only a serious cut to the bone. He will be laid up for a number of days and will have to use crutches.
